### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach and/or suggest a current collector layer being substantially formed as a film of a layer of spherical ceramic refractory material objects having a conductive coating of a precious metal. The closest prior art of record to Wijnen fails to teach spherical ceramic refractory material objects having a conductive coating of a precious metal but instead teaches spherical particles of tungsten powder coated with an aluminum layer. Therefore, applicant's instant invention as set forth in the claims is novel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bruce F. Bell whose telephone number is 571-272-1296. The examiner can normally be reached on Monday-Friday 6:30 AM - 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Barr can be reached on 571 272-1414. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
